ON CHICAGO CHANGE.

CHICAGO, Oct. 4 - | Special Telegram to the BEE |-"Old Hutch" started the ball to-day by setling 2 0,000 busnels or more of wheat on the curb at 741/e for November. The receipts here were liberal, and at Duluth. 685 cars. There was a little effort made at the regular opening to get the market started up, and it did hold at 74% @ 14% for a minute, and then became easy at 74c. The flurry was over in fifteen minutes and the pit looked as dead with the price at 74c as it did a day or so ago at 70% c. If it had not been that the visible supply figures showed a little smaller increase for wheat than was expected, and if Hutchinson had not been a pretty liberal buyer to cover his shorts, there is no deciding where the price would have gone to. It did touch 733ce for November, le under Saturday's close and the lowest price so far. This makes each so near We that there is every prospect that it will get there. Gossip over the condition of wheat at Milwaukee, and some little gossip concerning wheat here in one of the old elevators, made It easy to buy all the wheat anyone wanted. Private cables said that the foreign markets were depressed and that the limits give a to purchase some time ago had been lowered. A prominent commission man said that there had been quite a genera! covering among a good many of the outside traders, and he thought that local operators

were already even up. In corn it is said that Partridge, who has been the large operator in it, has well evened up and is out with a good sized winning. There was a sudden drop in prices this morning at the opening until December sold at 89c and May at 40%c. But there was just as sudden a rally. The anticipated receipts for lo-morrow are 700 cars and are liberal enough to make to-morrow's market a weak one.
At the close of the session wheat was rather steady but prices show a decline of 14c, on those of the adjournment of change on Sat-urday. October sold down to 71% and closed at 72c. November ranged at and be-

ciosed at 72c. November ranged at and between 73½(a74½c, opening at 74½c and closing at 74½c. December closed at 76c.
Oals were moderately active but prices were weaker and lower in sympathy with wheat and corn. October sold at 23½(a24c, closing at 25½c. November sold at 25½c, lown to 25½c and closed at 25½c.
Provisions were unsettled and weak and prices averaged lower. There was more pressure to sell mess pork early and prices receded 15c, but the fair demand later tended to more steadiness and prices rallied again.

to more steadiness and prices railled again. The closing figures showed about 7134c reduc-tion. Lard was quiet and steady at the recent decline. Exporters are out of the mar-let. October pork sold at \$8.65@8.8214, and closed quiet of \$8.75. November opened at \$8.80, declined to \$8.5736, advanced to \$8.75 and closed steady. January was fairly active at \$9.8236@10.00 and closed steady at 39.95. October and November lard sold spar-tingly at \$5,75@5.77%. January was in fair request and changed hands at \$5.873/@5.93% and closed steady at \$5.92%. 2:30 p. m.—The grain and provision mar-kets were steady and not particularly active on the afternoon session. The slight changes

taking place were for the better. CHICAGO LIVE STOCK.

CHICAGO, Oct. 4 .- [Special Telegram to the BEE. |-CATTLE - There were about 8,500 rangers and only about that many natives, all told. The market was stronger. There was a scarcity of good stock and prices were unevenly higher. On the average sales ere 10c higher, though there were some in stances in which salesmen thought 15@20c would hardly cover the improvement. Inferior to fair kinds were not so much stronger, but there was a good clearance and the good cattle were soon sold. It must be remembered, however, that the offerings of strictly good cattle were very limited. Shipping steers, 1850 to 1500 lbs, \$4.70@5.20; 1200 to 1850 lbs, \$4.15@4.70; 950 to 1200 lbs, \$3.60@4.15. There was a large proportion of range cattle, but the actual supply was comparatively small. Salesmen asked higher prices, and that fact made buyers hold back a little. Prices, however, were generally stronger and in some cases higher. Hoos—The market was active, and prices

fully 5c higher all along the line. The Yorkers and Baltimore sort cost about 5c more, and other lots that were sorted were more, and other lots that were sorted were be higher. Low grade and common packing sorts were not quotably higher than on Saturday, but fully 10c higher than Friday. At the extreme close, however, trade was slow and the general market rather weak, with big packing firms holding off, as the provision market down town was also dull and weak. Common, \$3.75@3.90; fair to good mixed, \$4.00@4.25; best heavy, \$4.35@4.55; light sorts, \$3.85@4.55.

STOCKS—The stock market was one of in-tense excitement at times, and was feverish and irregular throughout the entire day. A depressing effect was caused in the early hours by the action of Governor Pattison, of Pennsylvania, in regard to the coal combina-tion so the trunk line used and coal tooks. tion, and the frunk line pool, and coal stocks, especially suffered from this cause, making rapid and material declines in early hours. Later, however, New England became the special feature and trading was accompanied by numerous rumors, most of which have done duty before in no shape and another. done duty before in no shape and another. But this stock rapidly advanced. The opening was about steady, first prices generally showing only insignificant changes from the pool prices of Saturday. Trading was feverish and generally weak, and New England, after advancing 13% per cent, lost it all and a small fraction, but later recovered and reached the highest prices yet recorded for that stock, and the general market recovered with the exception of coal stocks. Western Union then gained in advance, and trading in that stock was very large from that time in that stock was very large from that time out. The general market then subsided and became quiet, and there were small and ir-regular fluctuations, generally in favor of lower prices, but the market finally closed on

OMAHA WHOLESALE MARKETS

General Produce.

Monday Evening, Oct. 4. The following prices are for round lots of produce, as sold on the market to-day. The quotations on fruits represent the prices at which outside orders are filled.

BUTTER—The receipts of butter are exceedingly poor and there is not one package in twenty that can be graded as good or choice.

Commission houses are overrun with poor butter, and have hard work to sell it at any price, while there is an increasing demand for choice butter. Shippers can in prove the quality of their butter by handling it with more care. Pains should be taken to have only one grade in a package, as poor butter packed with good necessitates the whole be-ing sold as poor butter. It is too early to begin simpping butter in boxes. The market remains about the same as last week. Choice nutter commands 16 a 18c, and fancy 18 a 20c but there is very little of that grade in the market. Fair to good is selling at 12)4@15c, and poor at 4@6c. Choice creamery butter is selling at 22c to 24c.

EGGS—The receipts of eggs are not heavy, but as the market has advanced the demand has fallen of to the same extent so that the

has fallen off to the same extent, so that the supply is about equal to the demand. At the present time the market is firm at 17c for strictly fresh eggs, and dealers generally do not antiquate any lower prices. The more not anticipate any lower prices. The more liberal receipts at the close of last week and the first of the present week compelled dealers in some cases to clear up their stock as

low as 16c.
POULTRY—The demand for poultry has been very light for the past few days. Huckbeen very light for the past few days. Huck-sters have been glutting the market with both old fowls and spring chickens, and by put-ting prices down have cut off a good deal of trade from the commission houses. Prices are not as firm as last week. Old fowls, choice, per doz, \$2.25@2.50; spring chick-ens, large, \$2.00; spring chickens, fancy, S2.25; spring chickens, medium, S2.25; spring chickens; small, not wanted; ducks, \$2.25@ 2.50; turkeys, not wanted.

GAME—Good sound prairic chickens hold about their own, while ducks are extremely dull and low. Prospects tavor a very brisk trade in prairic chickens at higher figures as soon as cold weather sets in. Prairic chickens, \$2.50@(3.00) per dozen; quall, \$1.25@(1.50); snipe, plover, etc., \$1.00@(1.25; ducks, (Mallard), \$1.50@(1.75; ducks, (Teal), \$1.00@(1.25; ducks, mixed, 75c@\$1.00; geses, \$2.50@(3.50; deer, saddles, per lb., 11@(12c; deer, carcasses, per lbc., 7@(3c; antelope, saddles, 11@(12c; antelope, carcasses, f@(3c; elk, saddles, 10@(11c; elk, carcasses, 6@(7c; jack rabbits, per doz., \$3.50@(4.00; smal), per doz., \$1.00@(1.25; OYSTERS—As the season advances the demand and the number of outside orders in-\$2.25; spring chickens, medium, \$2.25; sprin

mand and the number of outside orders in-creases. Only the very choicest stock is being handled by the oyster houses this season, and they are better prepared than ever to fill outside orders. Prices are 5c lower all the way around than last week, and lower than any other city. Mediums, 25c; standard, 30c; selects, 35c; New York counts, 40c. Potators—The season is approaching for the laying in of winter stocks and the market is firm. Local gardeners are temporarily approaching a period of the season. supplying a part of the retail trade which les-sens the demand upon commission dealers. The local supply, however, is light and deal-ers will be forced to look to the outside for winter stocks. A few Colorado and potatoes have arrived and sold at 80% Choice shipping stock, per bu, 50,660c. CABBAGE-Good solid heads are selling at

65@ 15c per dozen. Swert Potators—There is a very liberal supply of choice stock on the market. Choice shipping stock, per lb, 2c.
ONIONS—The demand is not heavy but choice stock sells fairly well. Choice stock, per bush, \$1.00. CELERY—The market is well supplied and be demand good. Shipping stock, per doz.,

40@45c.

APPLES—The demand for choice apples continues good and the supply is very light. The market has been flooded with poor stock which had to be sold at very low prices and which tended to keep down prices for good stock. Stocks have been mostly cleared up and the market is about bare. Choice shipping stock and fancy signd or eating apples. ping stock and fancy stand or eating apples are in good demand. Common stock, \$2,00@ 2.25; choice shipping stock, \$2.50@2.75; fancy stand, \$2.75@3.00.

MICHIGAN PEACHES—The receipts the past week have been very light. Baskets, accord-ing to size, 75c@\$1.00; crates, 4 baskets, \$5.00 LEMONS-Choice, 360 size, per box 88.50; LEMONS—Choice, 360 size, per box \$8.50; Messina, \$9.75@10.00.

ORANGES—The only changes on the market are Jamaica, which are lower than last week. Jamaica, per box, \$6.00; per bbl., \$11.

CRANBERRIES—The market is fairly well supplied with very choice stock. Cape cod, fancy, per bbl., \$8.50; Jersey, choice, \$7.50; Wisconsin, \$7.50.

Bananas Bananas are seiling at about the same as last week. Bananas, vellow, per bunch, \$1.50\(\pi^2\), 20; Bananas, yellow, large bunch, \$2.50\(\pi^3\), 3.50.
